FOR IMMEDIATE RELEASE

HIGH ACCURACY DIGITAL INDICATORS FROM NOSHOK

Berea, Ohio (October 6, 2009) Backed by a one year warranty, NOSHOK is offering a complete line of digital indicators to fit all of your application requirements. NOSHOK calibrates all of its indicators to your transducer requirements at **no additional cost** - simply tell us how you want it set up, then plug it in and go!

Attachable Loop Powered Digital Indicator (1800 Series)

- Easily inserted into NOSHOK pressure transmitters utilizing a 4 mA to 20 mA output signal and the Hirschmann (DIN 43650A) connector
- Programmable to display a range of -1999 to 9999; may be tilted for better viewing
- User selectable digital filtering improves readability in rapidly varying pressure applications
- Ideal for hydraulic and pneumatic systems, pumps and compressors, test equipment and systems, industrial machinery and machine tools, HVAC, power generation, water and wastewater, stamping and forming presses

Compact Loop Powered Digital Indicator (1900C Series)

- 3-1/2 digit, 0.6" high display with a span range of 0 to 1999
- Provides digital display of any desired unit of pressure, temperature, level, force, or flow measurement
- Positive image reflective LCD is standard; red or yellow/green back-lit versions optional
- Ideal for process indication, on/off pump controls, compressor controls, safety or shutdown alarms

Compact Smart System Digital Indicators (1950 Series)

- Offers all the features of a full size panel meter in a compact digital display
- 5 digit, 0.46" LCD display with a span range of -9999 to 99999
- Reflective LCD display; or green backlighting optional
- Display is fully expandable to accommodate applications requiring relays, dual sinking outputs, and serial communications by RS232 or RS485
- Fully scalable and field upgradeable
- Ideal for process indication, on/off pump controls, compressor controls, safety or shutdown alarms

Smart System "Intelligent" Digital Indicator (2000/2100 Series)

- Accepts a variety of standard process signals and precisely scales them into any desired unit of measurement
- Single input or dual input
- Employs advanced technology for stable, drift free readout
- Field upgradeable with plug-in option cards; including 4 set point alarms, analog output and serial communication
- Easy menu driven programming and available PC software allow easy setting of system configurations
- Ideal for process indication, on/off pump controls, compressor controls, and safety or shutdown alarms, and retransmission to computer control system

NOSHOK, Inc. is a leading supplier of pressure, level, temperature and force measurement instrumentation, along with needle & manifold valves, serving major industries around the world. Products include pressure gauges, pressure and temperature transmitters, transducers & indicators, pressure switches, needle valves, manifold valves, pressure snubbers, bimetal thermometers, force measurement sensors and diaphragm seals. These products meet and exceed the application requirements of OEM's and industrial users seeking exceptional quality, reliability and value.
