

NOSHOK

Press Release

FOR IMMEDIATE RELEASE

RELIABLE ABS CASE DRY GAUGES

Berea, Ohio (April 14, 2011) NOSHOK's high quality 100 Series Gauges provide extremely reliable service on applications not corrosive to brass. Available in vacuum and compound ranges through 15,000 psi, they feature all brass or brass with Delrin® internals, and a dry ABS case.

NOSHOK 100 Series Gauges come in 1-1/2, 2, 2-1/2, and 4 inch sizes with bottom, back, left and right side connections. Panel Mount Clamp and Front Flange mounting are also available. Their standard UV resistant dials are dual scale in psi and kPa (kilopascals), and dual scale psi/bar and psi/kg/cm² are available in most popular ranges.

These dependable gauges have stock availability, and are ready to ship. They are ideal for a wide range of applications, including:

- Hydraulics
- Pneumatics
- Petrochemical
- Medical
- Food
- Pharmaceutical
- Most industrial and commercial applications

A variety of options and accessories are available for these gauges, including steel, chrome or stainless steel cases, front and rear flanges, cover rings, lens options, set pointer, maximum indicating pointer, as well as snubbers and orifice options. Click [here](#) for a complete list of available options.
