Press Release

FOR IMMEDIATE RELEASE

MEASUREMENT SOLUTIONS FOR THE OIL & GAS INDUSTRY

Berea, Ohio (August 3, 2011) A new brochure showcasing our broad offering of pressure, level, temperature, and force measurement instrumentation, along with needle and manifold valves for the oil & gas industry is now available. These products are ideal for a variety of applications including well servicing, upstream, midstream, downstream and offshore.

INDUSTRY-LEADING WARRANTIES

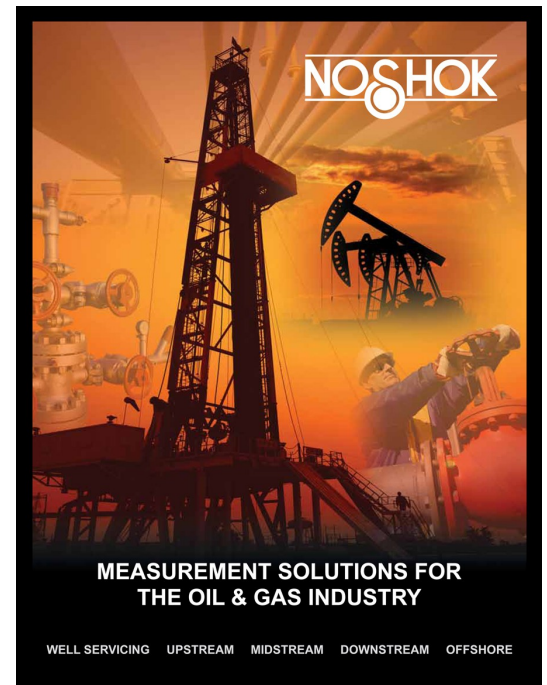

Featured products include:

- Vibration, Shock & Pulsation-Resistant Pressure Gauges
- Hazardous Environment Approved and NACE Compliant Transmitters and Transducers
- Submersible Level Transmitters
- Corrosion-Resistant, Patented Needle & Manifold Valves
- Thermometers & Temperature Transmitters
- Load Cells & Force Instrumentation

Applications include conventional and unconventional oil & gas plays such as Oil Sands, Coal Bed, Shale and Offshore, addressing specific requirements such as:

- Compressor package control
- Well automation
- Hydraulic measurement
- True water level measurement
- Pressure and temperature measurement on service vehicles such as blending and frac trucks
- Isolation, block and bleed manifold valves for differential pressure measurement
