NEW PROTECTIVE COVER AVAILABLE FOR PRESSURE & TEMPERATURE TRANSMITTER/SWITCHES

Berea, Ohio (February 20, 2013) NOSHOK is now offering a new protective cover option for our electronic indicating pressure and temperature transmitter/switches, which protects the sensor while maintaining clear viewing and rotation of the display.

- Constructed from a thermoplastic polyurethane (TPU) material which is resistant to oil, grease and abrasion
- The elastic properties of the material allows set point programming without having to remove the cover
- The cover also increases environmental protection to IP67 for indoor and outdoor use

If you have any questions regarding NOSHOK products or services, please contact our Customer Support department at 440.243.0888.
