FOR IMMEDIATE RELEASE

INSTRUMENT SWIVEL ADAPTER ADJUSTS LINE OF SITE ORIENTATION ON GAUGES, TRANSMITTERS & VALVES

Berea, Ohio (May 26, 2009) NOSHOK, Inc. announces the availability of Swivel Adapters, which are used with gauges, transmitters and valves to adjust the line of site.

The NOSHOK Swivel Adapter rotates 360° to allow the connected instrument to be positioned in the desired orientation. The pressure connection is achieved with a tapered cone style compression fitting simply by tightening the swivel hex nut.

They feature all 316 stainless steel construction, and are standard with 1/2"NPT male process – 1/2"NPT female instrument connections.

WIN A GPS

Must use Source Code PNTR1-2 to qualify for the drawing.

Take our brief **Customer Survey** on our website at www.noshok.com before July 3, 2009 and you'll be entered into a drawing to **win a Garmin Nuvi255W GPS Navigation System.**

This new survey will help us better understand your distribution and inventory management needs, and will also give us your insight regarding the re-design of our website. Your feedback enables us to continually improve our level of Customer Satisfaction and bring you the highest level of value possible. The drawing will be held on July 6th, and the winner will be notified by phone and/or e-mail.

NOSHOK, Inc. is a leading manufacturer of pressure and temperature instrumentation serving major industries around the world. Products include pressure gauges, pressure and temperature transmitters, transducers & indicators, pressure switches, needle valves, manifold valves, pressure snubbers, bimetal thermometers, force measurement and diaphragm seals. These products meet and exceed the application requirements of OEM's and industrial users seeking exceptional quality, reliability and value.
