

**Industry-Leading  
Warranties**

# Measurement Solutions for the Food & Beverage Industry

## **Superior Design**

**Uniquely designed to  
address the specific  
requirements of the  
industry.**

- Pressure & temperature sensors are located directly behind the diaphragm, minimizing fill fluid and enabling active temperature compensation directly at the point of measurement
- Standard onboard programming with no pressure source required; also available with Hart® protocol
- All polished Stainless steel construction

## **Increase Efficiency**

**Provides a high level of  
efficiency and flexibility.**

- Turndown ratios up to 10:1 allow greater rangeability, minimizing required inventory
- Accuracies are based on adjusted span, not full scale
- 360° rotatable display

## **Quality Focus**

**High quality solutions  
with a focus on customer  
experience and value.**

- NOSHOK's Customer Support team is trained and ready to provide custom Measurement Solutions
- We take a collaborative approach with our partners, and are dedicated to continuous product and process improvement
- Industry-leading 3-year warranties
- ISO 9001:2015 registered
